REMOVALS FROM OFFICE.

Mr. Thomas Williams, yesterday, from the judiciary Committee, reported a bill to prevent removals from office, by the President, during the recess of Congress, because the incumbents do not agree with him on his Policy of Reconstruction. The bill has been carefully drawn. Whether or not it covers the case effectually, is beyond the sphere of our professional knowledge to determine. The framing of a bill for that end is manifestly a task of great nicety and difficulty. But this is certain, Congress is resolved to restrain this abuse of Executive power.

The republican journals of Indiana are scoring Mr. McCulloch, with a rough sort of justice, for his Serenade Speech. The one at Lafayette, edited by the Postmaster, says:

"Blessings on thee, old Thad! If there is any man inexcusable for his uncalled-for and indecent abuse of the people's representatives, that man is McCulloch. No one blames him, or cares much for his self-abasement, down into the very dirt, before Andrew Johnson; but that such a man, with such antecedents, should dare to cast filth upon the representatives of the people in Congress, is as disgusting as it is humiliating. Who ever cared for McCulloch's opinion on any constitutional question? When did he acquire that erudition and legal learning sufficient to enable him to stigmatize Trumbull, Lane, Fessenden, Colfax, and Schenck as "Constitution tinkers?" There is not a second-rate attorney in this State whose opinion, on any legal or Constitutional question, was not held at higher price than that of the man McCulloch three years ago. The Indianians who were willing to hope that the somewhat vague reputation he was said to have as a financier might be justified by his career in the Treasury, look with shame upon the indecent haste with which he strives to imitate the vulgarisms of his master.

"If Mr. McCulloch would save the shred of reputation left him, he had better go back to his coupons and interest tables, and leave the dirty business of addressing treasury pimps and whitewashed rebels to his master, who has more ability and more experience, as well as abundant aptitude and love, for that disgraceful business. Indiana shrinks from her proportion of the shame."

The following is the call for a Republican State Convention in Illinois, issued May 16:

"The Republican Union voters of Illinois who are in favor of keeping traitors out of the halls of Congress and of asserting and maintaining the right of the loyal people, through their representatives in Congress, to fix and determine the conditions in which the States lately in rebellion shall be permitted to participate in the government of the United States, will meet in convention on the 8th day of August, at 12 M., at Springfield."

This reads as if it had emanated from *men* who are not afraid to say that their souls are their own—and that they have true souls.

Wishing a brief escape from editorial duty we recently availed ourselves of a polite invitation from Captain M. A. Cox, of the steamer Fayette, to make a trip up the Monongahela. We were indebted to the Captain, and his gentlemanly clerk, Mr. John L. Moorhouse, for many courtesies. On the way down, at Brownsville, we changed off to the steamer Gallatin, Capt. A. S. Carlisle, to whom we are under many obligations for attentions. The trip was one of rare enjoyment. If any of our city readers—gentlemen or ladies—want a short respite from business, by all means make a trip up the Monongahela and back.

The loss to American commerce by the rebel pirates is not generally estimated high enough. The rebels had from first to last twenty destructive vessels afloat, and captured property to the amount of $25,546,000, of which $20,088,000 was destroyed. There were taken 6 steamers, 81 ships, 84 barques, and 70 schooners. The Alabama captured 69 vessels, worth $9,750,000; the Shenandoah 39, worth, $2,888,000; the Florida 35, worth $4,054,000. These statistics are compiled by the acting Secretary of the New York Chamber of Commerce. The British government ought to have an illustrated copy of this record.

Something New.—The Pennsylvania railroad have now under way a novel enterprise. They have employed a first-class photographer to superintend the photographing of all the property of the company and the various points of interest or beauty along the main line, of its branches, having placed at the disposal of the artist a train of cars, fully officered for the work. —*Philadelphia Press.*

This enterprise is commendable, but it is not new or novel. The Erie Railway had a guide book of their route illustrated in this fashion several years ago.

The prediction is made that four of the Southern States will ratify the new Constitutional Amendment as soon as it shall come before them for action.

Words of Vital Interest.
Will the thousands who read columns of frivolous verbiage every day devote *five minutes* to the perusal of a few facts which concern them nearly? Our text is *Health*, and we will put our commentary into a nutshell. *Weakness* is indirectly the cause of all sickness; for if nature be strong enough to resist the morbid influences which produce illness, of course they are powerless. Seek strength, therefore, invigorate and regulate the system. When the quicksilver ranges from 80 to 96 degrees in the shade, the most athletic are enfeebled and the weak are prostrated. It is at such a time that such an invigorator as HOSTETTER'S STOMACH BITTERS is urgently needed. What are the effects of this rare Vegetable Tonic? Would that all who have known its benefits could condense their experience into this paragraph. They would tell the healthy, to protect their health they must use this great safeguard against the debilitating influences. They would exhort the weak to discard all unmedicated and impure stimulants and cling to this wholesome and unfailing tonic and alterative as the shipwrecked mariner would cling to a raft in a stormy sea. They would, of dyspeptic pangs relieved, of appetite restored, of shattered nerves restrung, of headaches cured, of disordered functions regulated, of hypochondria dissipated, of miasmatic diseased baffled, of fever and ague cured, of liver complaints arrested, of heat, privation and toil defied, of hope reanimated, and cheerfulness restored. Such are the effects of HOSTETTER'S BITTERS

Hostetter's Bitters

FROM WASHINGTON.

The Public Debt—Dangerous Illness of Thad. Stevens—Application for Jeff. Davis' Release on Parole—Homestead Settlement—Fenian Invasion Thought to be at an End—Rumored Demand for the Fenian Prisoners by the British Minister—The Trial of Jeff. Davis—Heavy Bail Offered for the Prisoner.

New York, June 4.—The morning papers have the following special dispatches from Washington:

The statement of the public debt for May will show a large decrease in the principal and in coin and currency on hand.

Stevens was taken ill on Thursday, and his friends express some apprehension of his condition.

Charles A. Dana, late of the Chicago *Republican*, is in Washington as a witness before the Blaine-Conkling Investigating Committee. It is asserted that he will contradict several statements in Gen. Fry's letter.

Dispatches from Richmond, state the counsel for Jeff. Davis intend making application to the court meeting there to-day for the release of their client on parole, and think they will be successful.

Eleven thousand, eight hundred and eighty-two acres of land were taken up in the Iowa Land Offices in April, for actual homestead settlement. The cash sales amounted to $3,260.

New York, June 4.—Specials to the evening papers say that the government considers the invasion of Canada substantially at an end.

White, late from Mosby's guerrillas, has been elected mayor of Leesburg, Virginia. He was pardoned several months ago.

It is said that the British Minister has demanded the surrender from our Government of the captured Fenians. It is not probable that the request will be complied with, though the Government has not yet decided.

Charles O'Connor had interviews with the President, concerning the trial of Jeff. Davis. He says they are ready to proceed with the trial, and if the Government is not ready, they will ask the release of Davis on parole, with such security as the Government may ask. They offer bail from one hundred thousand dollars to ten million dollars.

New York, June 4.—A Montreal dispatch of last night says the Royal Mail steamer Himilaya has arrived at Quebec with the Canadian One Hundredth, or Prince of Wales regiment, together with the Forty-third Regulars, direct from Malta, to meet the defence of the St. Lawrence. Gunboats have been improvised from tugboats plying in these waters, equipped and manned by marines from Her Majesty's corvettes—the Phiades lying at this point and the Aurora at Quebec. These gunboats will be equipped with Armstrong guns and twelve-pounder howitzers. They sailed to-night under sealed orders. The Seventh Fusileers, from Quebec, with the Fourth battalion of the Rifle Brigade, the Prince Consort's Own, from this city, are under marching orders to-night. Reinforcements are now known to be on the way here from Halifax, and the steamer Belgian will bring troops from England. Hummingford is at this moment, 12:30 A. M., the threatened point. The Canadian forces are strong there.

New York, June 4.—A special to the *Herald* dated to-day from St. Albans says: Another company of United States Artillery from Fort Independence arrived here this morning. The United States authorities are using every effort to preserve neutrality. The Fenians are preparing for a movement.

New York, June 4.—A special to the New York *Herald*, dated Starmand, June 4, on the Canada line, says: The village is filled with British volunteers. Reports are current of an expected Fenian attack. A rumor that an attempt was to be made to capture a bank at Bedford, Stanbridge station, caused the sudden removal of deposits therefrom last night. A camp of the Twenty-fifth Highlanders is located at St. Alexander, a short distance hence.

Watertown, N. Y., June 3.—General Meade and staff passed through here this morning, en route to the frontier.

General Sweeney, with one hundred and fifty Fenians, passed through here to-day.

The United States Marshal here received nine boxes of arms and accoutrements on the Saturday evening's train.

All was quiet north of Ogdensburg this morning.

Cork papers of Thursday contain the following items: The London *Express* announces the suspension of Robinson, Croyton & Co., bankers, Manchester. Liabilities not large.

A telegram from Jassay announces the entry of the combined Russian and Turkish corps de armee into Moldavia on the 22d. Omah Pasha commands the Turks, and General Kotzebue the Russians.

Farther Point, June 4.—The steamer Nova Scotia, from Liverpool on the 24th, via Londonderry 25th, has passed this port.

Cotton declined ½@d for American on the week, and ¼@½d for other descriptions. Sales of the week 44,000 bales. Middling Orleans 12½d; Middling uplands 12d. The market closing dull and weak. 5-20s 64@64¼; Consols 86¼@86⅜. Erie Shares 41½@42; Illinois Central shares 75½@76. Breadstuffs nominal, and provisions declining.

The political situation is unchanged.

More failures are reported, and financial affairs are gloomy.

The steamer Etna, from New York, arrived at Queenstown on the 24th ult., The steamer Scotia, from New York, was reported off Crook Haven at 3 P. M., on May 25th.

A number of the large warehouses of the London and Northwestern and Great Western Railways at Manchester were burned on the morning of the 23d. Loss £100,000.

A Brussels telegram states that a letter from Paris states the French Government is raising to their full complement all regiments belonging to the army of Paris and the army of Lyons. France will have the army on a war footing in a fortnight, ready to be placed in observation on the German and Italian frontiers.

The Italian and Austrian Governments have announced intentions to respect Swiss neutrality in the event of war.

Paris telegrams of the 23d say that the *Moniteur Du Soir* states that France, England and Russia do not wish to take up a position of arbitrators, but solely to propose a basis of certain deliberations, and to direct the discussion of the Conference to the points constituting the cause of the collision. The powers are now arranging the terms of a note intended to be sent to Vienna, Berlin, Frankfort and Florence.

La France says the reply of Russia is still expected. When it arrives, a few days must still elapse before the dispatch of the Collective letters of the Powers. The Conference may probably meet in three weeks hence, but it will be difficult to accomplish this.

The Paris bourse was flat and lower. Rentes 53f. 35c.

Prince Charles, of Hohenzollern, was enthusiastically received by the National Assembly of the Danubian Principalities.

The European crisis and political situation is unchanged. There is nothing definite as to a Congress.

The latest Bremer papers considers an outbreak of war inevitable, even supposing a Congress is held.

The Vienna correspondent of the London *Times* telegraphs on the 23d that though the English, Russian and French propositions relating to the Congress have not yet been officially communicated to Count Mensdorf, the nature of them has been made known to him. It is probable that the Austrian Government will prove its earnest wish to avoid war by accepting the invitation to the Convention. Another Vienna dispatch says the Austrian Cabinet is not in principle disinclined to take part in the Congress, provided no definite programme for negotiation be laid down, but only the general endeavor to preserve peace be regarded as the object to be held in view at the Conference.

Liverpool, May 25.—P. M.—*Latest via Londonderry.*—The political situation is unchanged. The financial affairs are exceedingly gloomy, and rumors of failures unabated.

Liverpool, May 25.—Cotton—The Broker's Circular reports the sales for the week at 44,000 bales, of which 1,500 bales were taken by speculators, and 6,000 to exporters. The market declined to 12@12¼d for American; 12¾d for other descriptions. Authorized quotations: Fair Orleans, 13¼d; Middling Mobile, 12½d; fair Uplands, 14d: new Uplands, 12d. The market to-day, Friday, is dull, and prices are weak; sales, 5,000 bales; stock in port, 1,005,250 bales, of which 411,000 bales are American.

The Manchester markets are closed in consequence of the holidays.

The bullion in the Bank of England had decreased £456,000.

The London *Times* again assails the American radicals for their war on President Johnson and their proposed policy towards the South, declaring that England cannot sympathize with them.

It is said that Austria was very glad to have an excuse to abandon the idea of forwarding troops to Mexico.

Mr. Bright, M. P., publishes a very stirring letter on the subject of franchise reform in England. He declares that British workingmen and the liberated negroes of America now stood on the same footing with regard to the right of voting, and advises the former that the future of their class as citizens is now in their hands.

Jeff. Davis.

New York, June 4.—The *Tribune* to-day, speaking of Jeff. Davis, uses the following language: If Mr. Davis is to be tried as it seems to us he ought to be, we can imagine no reason for deferring his trial. If he has been unjustly proclaimed an assassin, he should somehow be released from the blasting inculpation, and if he is not to be tried but is merely held until public sentiment will admit of his liberation, or protest against the policy as unworthy, the people of this country are not children. Even if the object of his imprisonment were to render him sole idol of late rebels, making them forget all his faults in their sympathy for his condition, it has already been fully achieved. Let us have an end of shams—either try him or let him go.

GREAT FENIAN EXCITEMENT IN PHILADELPHIA.

The Feeling in New York.

COLORED MEN OFFERING THEIR SERVICES.

Toronto, C. W., June 4.—The excitement of the Fenian invasion has rapidly subsided. Exposed points were all fully prepared for any emergency, and military arrangements are constantly being perfected. Traffic on the Great Western and other railways is going on with the usual regularity.

Buffalo, June 4.—About fifteen cases of arms were seized by the United States authorities at Central depot to-day.

Several hundred Fenians arrived in the city this evening, and they still hint at a movement in the frontier, especially as but a small body of British troops are now at Fort Erie, most of the force there yesterday having been ordered elsewhere. Quite a number of Fenians are reported as having left Dunkirk today. Their destination only a surmise.

It is understood that a writ of habeas corpus has been sued in the case of the Fenian prisoners now in the custody of the authorities here, and it is hinted that the officers and men are to be got off somehow, which remains to be seen.

Since the failure of their movement in this quarter is so patent, it will not be improper to state that when the movement was first begun, a member of the Fenian Council stated to the agent of the Associated Press, in confidence, that Hamilton was the first point aimed at, and that they expected its capture easily. This may have been as true as the statement made by some party that the Fenians took over from here cannon, when the facts proved that they had none. Head Centre O'Day positively asserted to us that they had thirteen batteries in Canada. There is a rumor that one Fenian spy had been tried by drum-head court-martial and shot as a spy by the English at Fort Erie.

Ogdensburg, May 4.—General Meade and staff are perfecting arrangements to preserve the neutrality laws. He came as far as De Kalb Junction with General Sweeney and some two hundred Fenians. General Meade thinks the Fenians gathered in New York means fight. Sweeney and his men left De Kalb Junction for Malone, where nearly one thousand Fenians are gathered. Three companies of regular troops arrived at Ogdensburg. Twenty-eight companies of troops are now at Prescott. Two British mail steamers are kept fired up, ready to transport troops to any point. It is thought Sweeney's objective point is Beauhamous, Canada. General Meade goes east to-night. There is great excitement here.

St. Johns, C. E., June 4.—The town is patroled by mounted men of the British regulars. The inhabitants are entirely quiet and apparently indifferent whether Fenians come or not. A large number of families have left for the States, in apprehension of Fenian raids.

United States Consul Moorhead keeps the American flag flying over the consulate.

Philadelphia, June 4.—The excitement among the Fenians in this city, to-day, is intense. Large amounts of money are being subscribed, by the O'Mahony men as well as the friends of Sweeny, to aid the cause, and rumors are current that reinforcements are being sent rapidly forward. A mass meeting of all Irishmen and their friends will be called for to-morrow or next day. The friends of Col. O'Neill, expecially those who served with him in the Union army in the west and assisted in the capture of Col. Morgan, sympathize with him in his capture. Colonel O'Neill was a gallant soldier in the Union army, and not a rebel officer, as has been reported.

New York, June 4.—The Fenian excitement is intense here to-day. It is said that a number of men will leave before morning for Canada, and travel as private individuals.

It is declared at the Fenian headquarters that Colonel O'Neill's defeat will not check the movement against Canada, and that the main attack is yet to be made by General Sweeney. A delegation of colored men have offered their services to fight for the Fenian cause. The Fenians declare that the troops under O'Neill were betrayed. The Irish population are still sanguine of great success in the provinces.

Hamilton, June 4.—The recent Fenian troubles have not caused the slightest interruption of the Great Western Railway. Freight and passenger trains are running regularly.

Chicago, June 4.—Five hundred Fenians left for the East this evening via Crestline and Cleveland. A regiment is reported to have left by lake to-day. The report lacks confirmation.

FAILURE OF THE BANK OF LONDON.

A New York Banking House Suffers.

FAILURE OF A LIVERPOOL COTTON FIRM

New York, June 4.—The *Commercial's* money article says: Private dispatches from London by the Nova Scotia report the pressure as still severe. The Bank of London was reported as having failed. One banking firm in this city draws upon that institution, but from the high standing of the firm, there is, perhaps, no ground for apprehension that the buyers of their bills on London will suffer.

Private advices also report the failure of W. K. Cobrough & Co. Liverpool, a large firm in the cotton trade.

At the date of the Nova Scotia's news none of the recent large shipments of gold from this side had been received. On the afternoon of the 25th the Scotia, with $3,092,743 of our gold, was off the coast, and the City of Paris, with $3,006,404, would be due in two or three days after the arrival of the Scotia. It is reasonable to suppose that the effect of these large receipts of gold will give a very different tone to the news by the Scotia.

SOUTHERN NEWS.

A Rebel General Accepts Position in the Fenian Ranks—A Cotton Ship Struck with Lightning—Alexandria Overflowed from a New Crevasse—Floods in Texas.

Memphis, June 4.—It is reported that General W. H. Jackson, late of the Confederate army, has accepted a brigadiership in the Fenian army. He leaves here for the front to-morrow.

At New Orleans the ship Artisian, loading for Boston, with two thousand bales of cotton, was struck by lightning. Her cargo was partially destroyed by fire, and the vessel sunk. The value of the cargo was four hundred thousand dollars.

The bark Woodward, from Liverpool to Galveston, bulged in twelve feet water near Galveston. The vessel will be got off and the cargo saved in good condition.

Cotton nominal, sales, two hundred bales low middling at 33@35c. To-day's receipts, thirteen hundred and thirty-five bales. Sterling, fifty-six cents. New York exchange, ⅜c premium. Freights unchanged.

The Eighteenth New York Cavalry arrived from Texas, homeward bound. Most of the troops left are coming home.

Heavy rains have made new crevasses. A ship was driven ashore outside by the storm.

The details of the overflow of Alexandria are heartrending. The people were driven to rafts for protection, and an immense amount of property was destroyed. No relief is possible till the floods subside. The floods in Texas overflowed and devastated all the bottoms, and the injury to the crops is extensive. The crevasse below is stopped.

Spanish Fleet Recalled from Peru and Chili—Rumored Transfer of Mexican Affairs to Santa Anna.

New York, June 4.—The *Courier Des Etats Unis* learns that Admiral Nunez, of the Spanish fleet, has been ordered by the Government to forthwith leave the waters of Peru and of Chili. The reason of this sudden recall is the winter now existing in the south Pacific, which exposes these ships to the peril of the tempests. Part of the squadron is to winter in Philipines, and the other at Rio Janeiro or Montivideo. Next season, it is added, the new iron-clad Teuton, and other vessels, will be added to the attacking fleet, when the Spanish Government will settle its quarrel with Peru, Chili and Equador.

The *Estafette*, not a very reliable authority, says: A letter from one of Juarez's Ministers, dated in the latter part of last month, at Paso Del Norte and Messilla, and informing Juarez's leaders and other Liberals that Juarez, at a council of his ministers, had determined to transfer the direction of affairs to General Santa Anna, who would undertake the political restoration of the country.

The Canadian Fisheries—Tree Planting on the Woodless Plains of the West.

Washington, June 4.—The Canadian government has decided to issue licenses to fishing vessels for fifty cents per ton, and to confer equal rights upon American fishermen.

The House Committee on Public Lands, under lead of their Chairman, Hon. G. W. Julian, seems intent upon arriving at some tangible conclusion concerning tree planting on the woodless western plains, which is attracting such wide-spread mention. They have asked for a report on this subject from the Agricultural Department; also one from the Commissioner of Indian Affairs as to the character of the Indian College in Kansas, which proposes to plant ten thousand acres of experimental forests within five years.

CONGRESSIONAL PROCEEDINGS.

Washington City, June 4, 1866.

SENATE.

The Postmaster-General sent in a response to the inquiry as to the cost, practicability, &c., of connecting a national telegraphing system with the post office department.

Mr. Hendricks, from the Committee on Naval Affairs, reported a resolution to restore Lieutenant Commander Richard M. Law, of the United States navy, to the active list, which was passed.

At one o'clock the reconstruction resolution was taken up.

The question was upon the adoption of the following amendment.

Section 4. The obligations of the United States incurred in suppressing insurrection, or in defence of the Union, or for payment of bounties or pensions incident thereto, shall remain inviolate.

Mr. Hendricks took the floor and delivered a speech against the pending proposition. He commenced with a review of the proceedings by which the measure was agreed upon in the Senate, characterizing it the most extraordinary and unusual. He did not believe that the people would endorse any such proceedings. They demand to know why such a proposition was adopted and presented to them for ratification. He did not believe that the present was the proper time for amending the Constitution, eleven States being denied representation in Congress. The second section, he said, was unjust to the South and West. If it was proposed to change the basis of representation in the House, why not change it in the Senate also. This was prohibited by the Constitution, but the power that made could unmake. It was manifestly unjust to the northwest that the six New England States had equal power in the Senate with the six great States of the West. The third section was penal and contrary to a course dictated by wisdom or by magnanimity to a fallen foe. The fourth and fifth sections were unnecessary, as the national debt would never be repudiated and the rebel debt would never be paid. He characterized the whole measures not a necessity of the government, but merely a part of a political programme.

At the close of Mr. Hendrick's remarks the pending amendment was adopted.

Certain verbal amendments to the fifth section were then agreed to.

Mr. Van Winkle submitted an amendment as a new section that every person mentioned or described in section three of this article who shall have engaged in insurrection or rebellion against the United States, and against whom no prosecution for treason has been instituted within a year, shall, at the expiration of that time upon taking an oath to support the constitution of the United States, be exempted from all pains, penalties and liabilities for such participation in the rebellion.

Mr. Davis demanded the nays and yeas upon this amendment with the following result:

Yeas—Messrs. Cowan, Davis, Doolittle, Guthrie, Hendricks, Riddle, Van Winkle and Willey—8.

Nays—Messrs. Chandler, Clark, Conness, Crogin, Edmunds, Fessenden, Foster, Grimes, Harris, Henderson, Howard, Howe, Kirkwood, Lane of Indiana, Morgan, Nye, Poland Pomeroy, Ramsey, Sherman, Stewart, Sumner, Wade, Williams, Wilson and Yates—26. So the amendment was disagreed to.

Mr. Henderson offered the following: Strike out of section two of the proposed amendment, the following: "But whenever in any State the elective franchise shall be denied to any portion of its male inhabitants, being citizens of the United States, not less than twenty-one years of age, or in any way abridged, except for participation in the rebellion, or other crime, the basis of representation in such State shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of such male citizens not less than twenty-one years of age in such State," and insert in lieu thereof the following: "Excluding also two-fifths of such persons as have been discharged from involuntary servitude by any proclamation of the President of the United States or by amendment to the Constitution of the United States since the year 1861, and to whom the elective franchise may be denied. This was disagreed to.

Mr. Doolittle offered the following as a substitute for the second section:

After the census to be taken in the year 1870, and each succeeding census, representatives shall be apportioned among the several States which may be included within this Union, according to the number in each State of male electors over twenty-one years of age, qualified by the laws thereof to choose members of the most numerous branch of its legislature, and direct taxes shall be apportioned among the several States according to the value of the real and personal taxable property situated in each State, not belonging the State or to the United States.

Mr. Doolittle explained the effect of such an amendment as he proposed upon the representation of the different States, reading a table recently published in the newspapers on this subject.

Mr. Poland took the floor to address the Senate at length in the pending proposition, but gave way to Mr. Doolittle, who, at three o'clock, moved an executive session, which was held, and the Senate soon after adjourned.

HOUSE.

Under the call of States for bills, Mr. Patterson introduced a bill to enable guardians and committees of lunatics in several States to act in the District of Columbia. It was read twice and referred to the Committee for the District.

Mr. Jencks introduced a bill to alter places of holding Circuit Court of the United States for Rhode Island District, and amendatory of the act to establish Judicial Courts of the United States, which was read twice and referred to the Committee on Judiciary.

Mr. Wright introduced a joint resolution relative to a fresh water basin for iron clads at Tappan Bay, on the Hudson river, which was read twice and referred to the Committee on Naval Affairs.

Mr. Lawrence, of Ohio, introduced a bill to provide a temporary government for the Territory of Lincoln, which was read twice and referred to the Committee on Territories.

Mr. Farnsworth introduced a bill to amend the practice of United States Courts, which was read twice and referred to the Committee on the Judiciary.

Mr. Price introduced a bill regulating the tenure of certain offices, which was read twice and referred to the Committee on the Judiciary. It provides that all civil officers who hold their office by appointment from the President or any of the heads of departments, shall hold their offices for four years from the date of their appointment, and shall not be subject to removal during their term of office, except for malfeasance, and in all cases where the advice and consent of the Senate is necessary to appoint the same, advice and consent shall be necessary before any removal shall be effected; provided, that this act shall not apply to those holding positions merely as clerks.

Mr. Hitchcock, of Nebraska, introduced a bill to provide for the geological survey of the Territory of Nebraska, which was read twice and referred to the Committee on Public Lands; also a bill to provide for the erection at Nebraska City of buildings for Post-office and Internal Revenue office, and for holding United States Courts, which was read twice and referred to the Committee on Appropriations.

Mr. Burleigh, of Dakotah, offered a resolution, which was adopted, calling on the Secretary of the Interior for information as to the amount paid to Indian tribes for various purposes.

The preamble and resolution offered by Mr. Williams, of Pennsylvania, on Monday last, and then, objections having been made, went over under the rules, came up next in order. [The preamble and resolutions will be found complete on second page.]

Laid over for one day, under the rule.

Mr. Eldridge asked Mr. Williams to specify precisely what he would have done in order to have made treason odious in his estimation.

Mr. Williams replied that he would punish it.

Mr. Eldridge expressed a wish that Mr. Williams would amend his resolution so as to specify what he would have done.

Mr. Williams said he would have done precisely what he presumed Mr. Eldridge would not have.

Mr Eldridge inquired what that was, but he received no direct reply. Mr. Williams remarked that the preamble was a mere recital of facts taken from a loyal paper in Augusta, Ga. He moved the previous question.

Mr. Raymond suggested that some debate should be allowed, so that the House might know on what evidence the statement rested. He was entirely ignorant of the facts on which he could base his vote for either the preamble or the resolution.

Mr. Williams declined to withdraw the previous question, as it was not a question of evidence, but of representation. The statement in the preamble was taken from a newspaper published in the city of Augusta, under the denomination of the *Loyal Georgian*.

After some further running discussion, the previous question was seconded and the resolution was adopted without a division. The preamble was agreed to by yeas 73, nays 30.

Adjourned.

THE CHOLERA.

Five New Cases and Ten Deaths at Quarantine—Coney Island not to be Occupied for Hospital Purposes—Mass Meeting of Opponents to the New York Excise Law.

New York, June 4.—The report from quarantine to-day shows five new cases of cholera and ten deaths. Four patients have been returned to the Peruvian, and eighty-eight cases are now in the hospital ship.

The report about the occupation of Coney Island for quarantine grounds proves untrue. An injunction has been granted against the boards of health occupying any part of the Island for that purpose.

The opponents of the Excise Law held a large meeting in Union Square this afternoon. The attendance was large and much enthusiasm prevailed. Speeches were made from three stands, denouncing the law as unjust and oppressive in the extreme.

A correspondent from this city writes to a Boston paper that he has received authoritive information of the death of the Spanish Admiral Nunez, of wounds received off Callao.

Arms Seized by the United States Government—The Fenians Recapture them and Steal a Train of Cars to Ship them North—United States Troops After them.

Watertown, N. Y., June 4.—The United States Marshal seized two cases containing arms and ammunition while passing through this place, this afternoon, for the north. This evening a party of men came from Potsdam, and, taking possession of the locomotive, started towards Cape Vincent, in which direction arms had been taken for safety, as there was no force here to protect them. They found cars at Chaumont, and are momentarily expected back to pass here on their way north.

A party of about thirty men made a raid on the store of T. D. Ely where the arms seized on Saturday were deposited. They took them to the depot and will probably take them North with others. General Meade has sent troops from Ogdensburg to intercept them.

United Presbyterian General Assembly.

FOURTH DAY.

The Assembly met at the usual hour, the Moderator, Dr. Kerr, in the chair. After prayer by the Moderator, the roll was called and the minutes of Saturday's session were read and approved.

The Committee on the Directory of Public Worship, which was sent in overture for the consideration of the Presbyteries at the last session of the Assembly, submitted a report setting forth the objections to the book, together with the amendments proposed, and the number of votes cast for and against its adoption in the several Presbyteries. In order to bring the matter properly before the Assembly, the committee also submitted the following resolution:

Resolved, That the Directory for Worship, now before the Assembly, be and is hereby adopted as the Directory for Worship for the United Presbyterian Church of North America.

After some discussion, Rev. Mr. Barr offered a substitute for the resolution of the Committee, recommitting the draft of the Directory of Worship to the Committee appointed to prepare it, with instructions to re-write the same with reference to the amendments suggested by Presbyteries; that the book be published by the first of September, and submitted for the action of the Presbyteries, who shall vote on its adoption or its rejection, the yeas and nays being recorded—a majority of the votes can be declared necessary for its adoption. The substitute was accepted.

Rev. Mr. Baldridge moved an amendment that the book be referred to an entirely new Committee. Upon a vote being taken the amendment was lost.

The question recurring on the adoption of the substitute, it was agreed to by a two-third vote.

A memorial was read by the Clerk from W. S. Rentoul, of Philadelphia, setting forth that he was engaged in publishing a revised edition of the Psalms, and asking for the appointment of a committee to act in conjunction with similar committees from other churches. The paper was referred to the Committee on Revision of Psalms.

A memorial from H. Connelly in relation to a revision of the Psalms, was referred to the same Committee.

The Moderator announced the following additional Committees:

Systematic Benevolence.—Revs. H. H. Todd, J. L. Fulton, John Hogg; Elders, Robt. Johnson, T. Thompson.

Statistical Tables.—Revs. Matthew Clark, H. Sturgeon, J. A. Bailey, and Elders John Means, James Irwin.

A memorial from J. S. Young, publisher of the *Evangelical Repository*, in reference to the publication of the minutes of the Assembly, was read and referred to the Committee on Finance.

A memorial was read from W. S. Rentoul, in reference to the publication of a monthly periodical to be devoted to the interests of the various Boards of the Church, and referred to the Committee on Board of Publication.

Rev. Mr. Criss, missionary to the Jews in New York City, submitted a report giving a statement of his missionary work during the past nine months.

The report, on motion, was referred to a special committee.

Rev. Dr. J. B. Dales, Commissioner appointed at the last General Assembly to attend the Synod of the Dutch Reformed Church held at New Brunswick, New Jersey, submitted a report, setting forth that he had been cordially received. The paper was received and ordered to be published.

A communication from Mr. John Wickham, of Missouri, in reference to Home Missions in his locality, was presented and referred to the Committee on Home Missions.

Rev. Jonathan G. Fulton, appointed to prepare a paper on the "title law," submitted a report. The paper reviewed the subject under the following propositions: Has the title law any existence outside of the Mosaic Law? Was this law intended to be universally observed? Was the law made to be a perpetual obligation? These points were discussed at considerable length, in the affirmative by the author, numerous instances being cited from sacred and profane history in support of his position. The paper was read and referred to the Committee on Systematic Benevolence.

The Moderator announced the following as the special committee to which was referred the report of Rev. Mr. Criss: Revs. D. W. Carson, D. L. Baldridge, J. L. Robertson and Elders N. T. Monteith and J. W. Gray.

On motion the reception of Rev. H. Johnson, Commissioner from the New School General Assembly, was made the order of the day for this morning at ten o'clock.

Assembly adjourned with prayer by Rev. Dr. Blakie.

AFTERNOON SESSION.

The Assembly met at two o'clock, and after prayer by Rev. H. H. Blair, the order of the day being the report of the Committee on the Board of Foreign Missions, was called up. The Chairman of the Committee, Rev. J. Price, handed in the report, which consisted of a series of resolutions, which we append:

Resolved, That the success which has attended our labors in every department of the foreign field, calls for sincere thankfulness from God.

Resolved, That we humbly acknowledge the hand of God in removing by death during the past year of some of our missionaries engaged in the foreign field.

Resolved, That it is the duty of the Assembly to reinforce the missions in India, China and Syria immediately.

Resolved, That as it is difficult to secure persons who have completed their theological studies it is expedient to employ young men who have completed their studies and send them to the foreign field.

Resolved, That Messrs. Samuel Maitin, J. B. Louds, W. R. Stewart, W. J. Owens and Miss Minor M'Caughey, be appointed to the work of Foreign Missions.

Resolved, That we regret that those appointed last year did not enter upon the work, and we hope that those persons now chosen will not decline without weighty reasons.

Resolved, That if part of the Church had performed its duty last year to the heathen there need have been no difficulty in raising the amount of money needed.

Resolved, That missionaries to the foreign field shall select their own particular field.

Resolved, That all moneys for salaries, etc., be consolidated into one fund.

Resolved, That the sum of $100,000 is necessary to carry out the work for the coming year, and that Presbyteries be directed to see that the congregations under their care furnish their respective portions of this amount, and that they have the funds in the treasury by the first of January.

Resolved, That in case of continued disability, the Board be authorized to continue to returned missionaries the salary given them while advancing the cause of the Church in the foreign field.

Resolved, That in view of the need for an out-pouring of the Holy Spirit, all our churches be urged to observe the week of prayer in the beginning of 1867.

Resolved, That we warmly endorse the fidelity and ability of Dr. Dales, the Secretary of the Board, and affectionately urge him to continue in that capacity.

Rev. H. H. Blair strongly opposed the acceptance of the report on the ground that the Church could not afford to expend $100,000 in the foreign field, stating that the field of labor in the South and West required all the resources of the Church for the present.

Rev. J. T. Sculler opposed the acceptance of the report as far as India and China are concerned.

On motion the resolutions were postponed until the meeting of the General Conference in the evening.

Rev. James Prestley handed in his resignation as a member of the Board of Foreign Missions, in which he held the position of Secretary. On motion the resignation was accepted.

On motion the records of the session of Amity in the case of the ladies Marshall, the protest and appeal of these persons from the action of the Synod of Ohio and the answer of the said Synod was read by the Clerk of the Assembly.

A motion was made that the appeal from the Synod of Ohio be not sustained. An animated discussion followed, at length, the motion prevailed, and on motion the report of the Judicial Committee in the case was also received and accepted.

The report of the Presbytery of Des Moines was brought up and referred to the appropriate Committee.

The appeal of Rev. R. Gally, from the decision of the Synod of Ohio, was read and referred to the Judicial Committee.

A protest was read by the Clerk from Mrs. Jane Marshall, announcing that she would appeal from the decision of the Assembly.

The report of the Presbytery of Mercer was read and referred.

The question of where the next Assembly would be held was next brought up.

After considerable debate it was decided that the next session would meet on the fourth Thursday of May, 1867, in the First U. P. Church, Xenia, Ohio.

A memorial was read from the Presbytery of Philadelphia in relation to the use of musical instruments in the devotional services of the Church, which was referred to the Committee on Bills and Overture.

On motion, the Assembly adjourned to meet in the same place at half past seven o'clock for prayer and conference, when the report of the Board of Foreign Missions will be fully discussed.

Before the Assembly separated, Rev. Stevens, from the India Mission, offered prayer.

The Criminal Court.

The June term of the Criminal Court commenced yesterday morning, Judges Sterrett and Brown presiding. After the list of Grand and Traverse Jurors were called, Judge Sterrett delivered to the former a brief charge, after which they retired to their rooms. The ward and borough constables made their usual returns of the places engaged in the sale of intoxicating drinks on their respective districts. It is thought that a great number of unlicensed dealers, including several druggists, will be put through this term of Court. Other unimportant business was transacted, after which the Court adjourned to meet again this morning.

Arrested for Larceny.—Thomas Norton, William Rattigan and Edward Bogan were brought before Mayor McCarthy, yesterday, for the larceny of a carpet sack from the cabin of the steamer Gallatin. Norton was committed for trial, and the others were discharged, no evidence being adduced against them.

Universalist Convention.—The annual State Convention of the Universalists of Pennsylvania, will be held in Girard on Wednesday and Thursday of next week.

The Soldiers' Convention.

The Committee of Arrangements of the Soldiers' League of this county, met last evening pursuant to announcement, to make further arrangements for the Soldiers' State Convention, to be held to-day at the Academy of Music. The arrangements are as follows: At 8 o'clock this morning the Committee will assemble at City Hall, and proceed from thence, headed by a brass band, to the different hotels, and will escort the delegates to the place of meeting.

Ladies are to be permitted in the dress circle during the session of the Convention.

Old soldiers of 1812 are invited to be in attendance as guests of the Convention. Special seats have been reserved for them.

The interior of the Academy is to be decorated with flags, banners and army corps insignias. The people are requested to furnish the Committee battle-flags and decorations for the adornment of the hall.

Citizens are requested to unfurl to the breeze at their houses and places of business the national colors, in order to give welcome to the gallant heroes in assembly.

The Convention will assemble at ten o'clock precisely.

The Finance Committee was instructed to solicit additional contributions from our patriotic and loyal citizens to enable the Committee of Arrangements to carry out in a manner suitable to the city, the programme adopted.

After the transaction of other unimportant business the Committee adjourned.

It is to be hoped that the citizens will liberally contribute towards defraying expenses incurred, and that the suggestion of putting out flags be universally acted upon.

The Fenian Invasion—Sketch of Kingston.

If the report we have received by telegraph be true, that the city of Kingston has been captured by the Fenians, half the battles of the conquest has been won. Up to the present moment we have received no confirmation of the report. However, a brief scrap of the history of Kingston may, under the present circumstances, be of interest. Nearly two hundred years ago Fontenac, the ancient name of the spot on which Kingston now stands, was made by the Marquis, or General Fontenac, "the pink and posey of French chivalry," the second invulnerable stronghold of Gallic powers on the American continent—being only eclipsed in point of strength to the Citadel of Quebec. From necessity, and by the advance of improvements in military art, the British have steadily increased its power and defensive and offensive position. Its site for beauty is perhaps unrivalled in the whole extent of the Provinces, being situated at the headwaters of the St. Lawrence, open the last basin of Lake Ontario, a few miles above the picturesque landscape of the Thousand Isles. Our almost unprotected little fort at Sacketts Harbor, lies almost opposite on the southern shore of the lake. Kingston and its deep wide harbor, is commanded on all sides by the bristling battlements on Wolf and Garden Islands, and the tremendous batteries on Fort Frederick, and Point Henry, and to the eye of the tourist, it would seem that its capture—making allowance for any amount of fire in the rear—would be a stupendous day's labor for the combined hosts of Fenia in this country, and not be as reported, the first city to capitulate, no matter how desperate the attack was.

Sanitary Committee Meeting.

The Sanitary Committee of City Councils held a regular meeting last night in City Building. There were present Messrs. Barckley, Boggs, Coursin, Ford, Seibert, Leow, Simpson, Mawhinney, Wilson, Morrow, Ogden, Torley, and President Gallaher.

The minutes of the previous meeting were read and approved. The reports from the Sanitary Police were read and accepted. They showed that the Committee had accomplished much good, and that as a general thing the citizens willingly complied with the requests of the agents of the committee.

On motion of Mr. Coursin, hereafter six members will constitute a quorum for the transaction of business.

Mr. Coursin offered a resolution appropriating $500 from the Sanitary Committee to the Board of Health. The resolution was withdrawn after some debate, and on motion the City Councils were requested to make an appropriation of that amount to the Board of Health.

Mr. Torley offered a resolution instructing the Sub-Committee to draw orders upon the Controller for the payment of bills or debts incurred. Adopted.

At the suggestion of the Chair, Mr. Torley moved that the police hereafter report to the Sub-Sanitary Committee, and not to the Board of Health. Carried.

On motion adjourned.

Soldiers' Convention.

The Pennsylvania Soldiers' State Convention, to which delegates have been sent from all parts of the commonwealth, will convene to-day, at ten o'clock, in the new Academy of Music, on Liberty street. Large delegations have already arrived in the city from Philadelphia, Harrisburg, Reading, Lancaster, Brownsville and other localities within the borders of the State. The influx of strangers who have come to attend the Convention is so great that our hotels are crowded to their utmost capacity, there being at present some five or six thousand strangers in the city, among whom we noticed the faces of distinguished military leaders. The purpose of the Convention is to attend to matters of vital interest to the soldiers, and to aid them, by an organized effort, to recover the emolument due them for services rendered their country in the late war and in the hour of her tribulation.

Court of Common Pleas.

The case of Parker Hines vs. the Pittsburgh, Fort Wayne and Chicago Railroad Company was on trial in the Court of Common Pleas yesterday at the hour of adjournment. From the testimony adduced, we learn that Mr. Hines and wife went from this city on the fifth of October last to Beaver for the purpose of attending the county fair then being held there. They returned the same evening, and while in the cars—which were very much crowded—a fight took place. In the melee one of the belligerents fell upon Mrs. Hines and broke her arm, for which she has brought a suit of damages against the Company. Thos. M. Marshall, Esq., appeared for the plaintiff, and John H. Hampton, Esq., for the Company.

A Mass of Litigation.

Yesterday afternoon Joseph Stabler came to the office of Alderman Taylor and made oath against Adam Grover for surety of the peace. The deponent alleged that Grover entered his house, in the Fifth ward, about one o'clock Sunday morning and threatened to do him (Stabler) bodily harm. A warrant was issued and Grover arrested, when he in turn instituted proceedings against Stabler for assaulting him without cause. Not to be outdone, the latter also charged Grover with assault. To cap the climax and to give eclat to the litigation Stabler also entered suit against Grover for assault and battery. All the parties were held in $300 each for a hearing on the several charges.

Young Men's Library Rooms.

The Board of Directors, with a view to increasing the attractive features of the Library and Reading Rooms, are about placing one thousand additional volumes in its already well filled cases. Already five hundred have been purchased, and the others will be selected at an early day. Believing that the excellencies of this institution are not generally known by the public, Mr. John H. Morris has been engaged to call at our mercantile and manufacturing establishments to present the superior advantages offered for obtaining books and receiving periodicals and newspapers. He will also solicit for membership.

The Opera House Dining Rooms.

This is one of few places in our city where one can enjoy an epicurian feast without incurring the usual drawbacks attendant on a meal at a public restaurant. The proprietor is a perfect Chesterfield in courtesy while the ebony waiters are as attentive and assiduous in their endeavors to please their guests as the most fastidious could wish. Besides the other advantages to be gained by patronizing this establishment, a first-class meal can be had for less money than anywhere else in the city.

A New Way to Pay Old Debts.—Andrew Wignold was arrested yesterday and brought before Alderman Albeitz, on a charge of assault and battery, preferred against him by Miss Jane Shore. The latter states that she had been employed in Wignold's household as a domestic for the last three weeks, during which time she only received twenty-five cents, in remuneration for her services. Yesterday, however, she demanded five dollars, whereupon Wignold shoved her out of the kitchen door into the street. The accused was held in $300 for his appearance at Court.

Charlotte Thompson.—The young, beautiful and gifted actress Miss Charlotte Thompson is announced to appear at the Opera House Thursday evening. She is immensely popular here, and will draw crowded houses. Persons desiring good seats should at once secure them. Heller gives a farewell matinee to-morrow afternoon.

Jumped on Her.—Anna Dowling made information before Alderman Taylor, yesterday, charging a certain Ellen Moran with assault and battery. The offense consisted in Ellen jumping with her knees on Anna's breast while the latter was sleeping in bed in her own house. A warrant was issued for the arrest of Ellen.

Stole a Cheese.—Thomas M'Donald was arrested and committed to jail yesterday by his Honor Mayor McCarthy for the larceny of a cheese from the depot of the Pittsburgh, Fort Wayne and Chicago Railroad.

Surety of the Peace.—Wilhelemina Fleming made oath before Alderman Donaldson yesterday, charging M. McMunn, with having threatened to take her life. McMunn was arrested and held for a hearing.

Committed.—B. Leroy, charged on oath of Prestly Durmar with the larceny of a gold ring valued at $30, was yesterday committed to jail by Alderman Taylor to await trial.

Assault and Battery.—Mr. McGivern made oath against Thomas Furnacan yesterday before Alderman Taylor, for assault and battery. Warrant issued.

THE FENIAN DEMONSTRATION.

Both the Fenians and the British authorities are doubtless disappointed in the prompt interposition of the Administration at Washington to prevent raids from this side of the line into Her Majesty's Provinces.

The Fenian leaders have boasted loudly of a friendly understanding existing between them and the President. Indeed, some of them have gone so far as to assert that the President was a Head Centre, and instead of maintaining a dignified neutrality, would afford the Fenians all the encouragement and aid he could, even to the verge of war with Great Britain.

The British authorities were fearful such might be the fact. During our civil war the Canadians afforded the rebels not simply an asylum, but also a nest in which to hatch the most monstrous conspiracies, and points from which to launch expeditions forbidden by all the rules of honorable warfare, against our cities and towns. Wholesale robberies, arsons, and poisonings were there contrived; and from thence emissaries were sent out to execute these nefarious schemes. The Canadian officials knew what was going on, and not simply winked at the infamous plots, and encouraged the prosecution of them by proffering impunity. They made good their proffers. The St. Albans raiders, who were nothing but a gang of thieves and robbers, were sheltered from punishment by the bold and defiant action of the Provincial Courts. This deportment of the officials was exactly accordant with the sentiments prevailing among the masses of the population.

What made this unfriendliness the more detestable was the remembrance of the magnanimous manner in which our Government acted in 1837, during the Canadian rebellion, to prevent incursions of armed sympathisers from this side. In view of the miseries from which our Government saved the Canadians in that crisis, we had a right to expect, beyond the requirements of international comity, that special pains would be taken, by the Canadian authorities, during our rebellion, to prevent raids upon us over the northern frontier. We utterly miscalculated. British officials contemn alike the dictates of gratitude and the demands of honor.

Still, we are glad the Administration has rigidly adhered to the line of its acknowledged duty. It costs an effort, perhaps, to overcome the suggestions of revenge; but there is a nobleness in the attitude of a nation capable of such self-conquest, that compensates an hundred fold for the gratification to be derived from the most complete retaliation.

◆

THE RIGHT TO VOTE.

The people of West Virginia, by a direct vote, have adopted a Constitutional Amendment, providing that rebels shall not exercise the right of suffrage in that Commonwealth. With this result the Conservatives are not satisfied. If they admit that Crime works a forfeiture of political rights, they do not concede that Treason is the highest Crime known to the laws, or any Crime at all.

But they should remember how decidedly they have denied the power of Congress to regulate voting, how persistently they have urged that this was one of the reserved rights of the States, how adroitly they have maintained that the right of Suffrage is not natural, and may be withheld from women, negroes, aliens, and other classes without any infraction of immutable justice.

The people of West Virginia having taken the Conservatives at their word, they ought not to complain. But another consideration enters into this case. In the month of July, 1861, the Convention of Virginia, which represented both the present States of that name, passed an ordinance in these words:

"That any citizen of Virginia holding office under the Government of the United States after the 31st of July, 1861, SHOULD BE FOREVER BANISHED FROM THE STATE AND BE DECLARED AN ALIEN ENEMY; and that any citizen of Virginia hereafter undertaking to represent the State of Virginia in the Congress of the United States, should, in addition to the above penalties, BE CONSIDERED GUILTY OF TREASON AND HIS PROPERTY BE LIABLE TO CONFISCATION."

What the loyal men of West Virginia have now done, is mildness itself in comparison with what the rebels, in the days of their power, did by them. The men who passed that ordinance, or justified or excused it after it was passed, ought to utter no wail at what has now been done in amending the Constitution of West Virginia.

◆

BEFORE the rebellion it was common for Southern men to claim slavery to be a necessity, and an ordination of nature, on the ground that white people could not perform manual labor in that section of the country. They failed to see that other and higher law, that wherever a particular race cannot, from climatic reasons, perform the ordinary duty of life, of earning daily bread by the sweat of the brow, there that race has no right to be. If it exists there, it has intruded itself, where the Creator never intended it should go. But they made this claim, and probably wheedled themselves into the belief that it had a good foundation. The war and its results have dissipated this fallacy—and a healthier tone of opinion is growing up. As an indication, we take this from the Huntsville, (Ala.) *Advocate:*

"A great change in the opinions of the Southern people has taken place, and we now favor and desire and invite immigrants from all quarters to come among us to help restore and build up our waste places and give us again a prosperous state. Population is wealth. Population is security. Population is strength. Population is independence. Population will settle the vexed question in this region."

Sound sense permeates every sentence of that paragraph. It points to the ultimate and effectual settlement of present difficulties. The Southern States have immense natural resources. Now that slavery is abolished, and labor is no longer a mark of degradation, millions of white immigrants will pour into them, rebuild the waste places, develop untold wealth and prosperity, and lay anew, on the basis of universal liberty, the foundations of social and political society. Old things will pass away, and all things become new.

THE NEW LAW DISFRANCHISING DESERTERS FROM THE DRAFT.

Governor Curtin has approved the following bill, and it is now a law of the Commonwealth:

SECTION 1. *Be it enacted, etc.*, That in all elections hereafter to be held in this Commonwealth, it shall be unlawful for the judge or inspectors of any such election to receive any ballot or ballots, from any person or persons embraced in the provisions and subject to the disability imposed by said act of Congress, approved March third, one thousand eight hundred and sixty five, and it shall be unlawful for any such person to offer to vote any ballot or ballots.

SEC. 2. That if any such judges and inspectors of election, or any one of them, shall receive, or consent to receive, any such unlawful ballot or ballots from any such disqualified person, he or they so offending shall be guilty of a misdemeanor, and upon conviction thereof in any court of quarter sessions of this Commonwealth, he shall, for each offence, be sentenced to pay a fine of not less than one hundred dollars, and to undergo an imprisonment in the jail of the proper county for not less than sixty days.

SEC. 3. That if any person deprived of citizenship, and disqualified as aforesaid, shall, at any election hereafter to be held in this Commonwealth, vote or tender to the officers thereof, and offer to vote, a ballot or ballots, any person so offending shall be deemed guilty of a misdemeanor, and on conviction thereof, in any court of quarter sessions of this Commonwealth, shall, for each offense, be punished in like manner as is provided in the preceding section of this act in the case of officers of election receiving such unlawful ballot or ballots.

SEC. 4. That if any person shall hereafter persuade or advise any person or persons, deprived of citizenship and disqualified as aforesaid, to offer any ballot or ballots to the officers of any election hereafter to be held in this Commonwealth, or shall persuade or advise any such officer to receive any ballot or ballots from any person deprived of citizenship, such person so offending shall be guilty of a misdemeanor, and upon conviction thereof in any court of quarter sessions of this Commonwealth, shall be punished in like manner as is provided in the second section of this act, in the case of officers of such election receiving such unlawful ballot or ballots.

SEC. 5. That it shall be the duty of the Adjutant General of this Commonwealth to procure, from the proper officers of the United States, certified copies of all rolls and records, containing official evidence of the fact of the desertion of all persons who were citizens of this Commonwealth, and who were deprived of citizenship, and disqualified by the said act of Congress of March third, one thousand eight hundred and sixty-five, and to cause to be recorded and preserved, in books to be provided and kept for that purpose, in this office, full and complete exemplifications of such rolls and records, and cause true copies to be made thereof, and furnished to the clerks of the several courts of quarter sessions of this Commonwealth, accurate duplicates or exemplifications of such rolls and records, embracing the names of all such disqualified persons as had their residence within the limits of said counties respectively, at the time of their being marked or designated as deserters, and it shall be the duty of the clerks of the several courts of quarter sessions of this Commonwealth to preserve, in books to be kept for the purpose, all such copies and exemplifications of such rolls and records so furnished, and to allow access thereto, and furnish certified copies therefrom, on request, in like manner as in case of other records of such courts.

SEC. 6. That a certified copy or extract of any such record, from the clerk of a court of quarter sessions of this Commonwealth, shall be prima facie evidence, before any election board, of the fact of desertion and consequent disability and disqualification as an elector: *Provided*, That if any person shall willfully use or present any false, fraudulent or forged paper, purporting to be a certified copy or extract as aforesaid, he shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be punished in like manner as is now provided in the second section of this act: *And provided, however*, That if, by the production of a certificate of his honorable discharge, it shall appear that such person so offering to vote, was in the military service of the United States before and at the time of his being drafted into such service, and thereupon failing to report, or in the case of the fact of desertion appearing by certified copy of his company roll, it shall appear that he was afterwards acquitted thereof and honorably discharged, such proof shall be received as evidence to disprove his said disqualification: *And provided further*, That if any person liable to be objected to as disqualified as aforesaid shall produce, before any board of election officers, any false or fraudulent paper purporting or pretended to be his honorable discharge from the United States service, he shall be deemed guilty of a forgery, and on conviction thereof, shall be punished as persons are now by law punishable for forgery.

SEC. 7. That it shall be the duty of the judges and inspectors of elections hereafter to be held in this Commonwealth, whenever the name of any person offering to them a ballot or ballots, shall be found upon a certified copy, or extract, furnished from said rolls, or records, by a clerk of a court of quarter sessions, marked as a deserter, or whenever any person shall be objected to as disqualified, as aforesaid, at any election, by any qualified voter, at the request or suggestion of such person so offering a ballot, to examine such person, on oath or affirmation, as to the fact appearing from such certificate or alleged against him by the elector so objecting, and if he deny it, as to his reasons therefor: *Provided, however*, That if any of his answers under such examination are false, such person shall be deemed guilty of the crime of perjury, and, upon conviction thereof, he shall be punished, as persons are now punishable by law, for perjury.

SEC. 8. That it shall be the duty of the sheriffs in the several counties of this Commonwealth, to insert in their proclamations of elections hereafter to be held, the first four sections of this act, with the preamble thereof; and upon conviction of any violation of the requirement of this section, any sheriff shall be deemed guilty of a misdemeanor in office, and be punished in like manner as the offenses prohibited by the second, third and fourth sections of this act are punishable.

SEC. 9. That in the trial of all cases arising under this act, it shall be the duty of the courts trying the same to inquire into and determine any question of fact, as to alleged desertion involved therein, upon proofs furnished by exemplifications or extracts from such rolls and records, duly certified by the proper clerk of a court of quarter sessions, which are hereby made evidence thereof, and also from such proofs by parol as may be given in evidence by either party: *Provided*, That the provisions of this act, so far as applicable, shall apply to persons who voluntarily or without any kind of duress or constraint enlisted in the rebel service.

WONDERFUL RESTORATION.—Anna Cora Ritchie, in a letter from London, says: "The faded beauties who cling to their vanquished charms have taken great interest in the sudden rejuvenation of Miss Burdett Coutts, under the hands of the wonderful 'Restorer,' Madame Rachel. Miss Coutts, it is said, had to pay £400 before she commenced the baths with which the process of rejuvenation begins. After going through the regular course of treatment, Miss Coutts dawned upon the fashionable world with the 'layers' of some twenty birthdays rolled off from her person. Her hair not dyed, but restored, and growing anew; her defective complexion clear and soft—the lines which tell such tales of the workings of the human heart and human brain smoothed out, and the impress of time suddenly effaced from her general appearance." Miss Ritchie neglected to add that Miss Coutts was four hundred pounds lighter—in pocket.

PUBLIC HONORS TO TRAITORS.

On Monday of last week, Mr. THOMAS WILLIAMS submitted to the House of Representatives the following resolution, on which he called the previous question:

WHEREAS, It has been publicly declared by the supreme executive authority of this nation, in accordance with the dictates of sound wisdom, the just instincts of humanity, and the undoubted sentiment of the people of the loyal States, that treason should be made odious, and traitors not only disgraced, but impoverished; and whereas it is represented that while no traitor who has survived the chances of the battle-field and escaped the retribution due to his crimes at the hands of the loyal soldiers of the North, has been otherwise punished than by the award of public honors or the remission of disabilities to qualify him for the enjoyment thereof, the memories of the traitor dead have been hallowed and consecrated by local public entertainments and treasonable utterances in honor of their crime, which have not only been tolerated by the national authorities, but in some instances approved by closing the public offices on the occasion of floral processions to their graves, while the privilege of paying like honors to the martyred dead of the armies of the Union who perished in the holy work of punishing the treason of those who are thus honored, and restoring the Union of our fathers, has been denied to the loyal people of those communities by the local authorities, with the connivance or consent of the military or civil agents of this Government; and whereas the encouragement or toleration of such enormities is of pernicious and dangerous example, insulting to the living soldiers of the Republic, as well as to the memories of the dead, and calculated to make loyalty odious and treason honorable, and to obstruct, if not entirely prevent, the growth of such a feeling as is essential to any cordial or permanent reunion of these States; Therefore,

Resolved, That the President be requested to inform this House whether any of the military or civil employees of this Government, within the State of Georgia or any of the other rebel States, have in any way countenanced or assisted in the rendition of public honors to any of the traitors, either living or dead, who have been waging a parricidal war against the Government, in commemoration of their great crime, either by closing their offices on such occasions or making other favorable public demonstrations in connection therewith; and further, whether the privilege of doing like honors to loyalty at the graves of the Union soldiers who have perished far from their homes and kindred has been, in any instance, obstructed or denied by the rebel authorities, with the concurrence or acquiescence of the officers of this Government.

Mr. NICHOLSON objecting, the resolution laid over until yesterday, when it came up in order, and passed.

The preamble to this resolution is specially significant.

Gen. Scott in Death.

The correspondent of the New York *World* thus pictures Gen. Scott after death:

At eight o'clock this evening, Colonel Hill took me into the death chamber of General Scott, where the body still lay unattended. The piazzas of Roe's Hotel, made historic by this grand demise, were quite filled with quietly chatting but not dispirited guests, who sat in groups, as of immemorial spring nights for these past many years, while the lonely and unrivaled [illegible] lay close above. Cadets were here, speaking to their cousins, sweethearts and sisters. Officers of the post, in full dress uniform, talked softly in the moonlight. There were the [illegible] before the stairs, as usual, and folks were registering their names and paying bills, while the suppressed clatter of dinner sounded below. Now and then a bugle threw its brazen bray into this respectful [illegible] of life in death, and in the midst, that night, every neighboring highland showed its rolling or abrupt outline, while the river sent up the sound of puffing tugs, and the railway lamps and whistles quickened and echoed, and [illegible]. By a hushed, though peopled hall, up a short stair, I am ushered into a roomy place, next the chamber. Here are three officers, richly uniformed, and on [illegible] [illegible], and at a word from Colonel Hill, they open the door of the chamber adjacent. A corner room, overlooking Cro' Nest on the side, and in front the parade ground. This room has a picture or two of no special individualities, few chairs, and in the centre a long, covered something, which the gas, as it is lighted, shows to be of considerable length for a coffin. White linen envelops it entirely, and this is saturated with the cool melting of the ice beneath. A cross of laurel, set in the interstices with lilies of the valley, and in the middle with a fresh white rose, rests on the breast of this bier; two wreaths of the same leaves and flowers lie near the feet; these were prepared by ladies of the household of the officers of the post.

Directly the linen at the head of the bier is removed, and a rough, sunken face, of which is revealed. This was once the "various Hercules Patrick"—the face of the General. It is like, and yet very saddening and changed. Death has given it the pinched look of corpses, and this is further sharpened by the loss of the false teeth, which make the chin draw close to the nose, and greatly shorten the face. His eyes have been closed, but one of them is a little unsealed, so that there is a trifle of crevice, or the white eyeball shining through. The well cut nose and mouth, have little suffered; the hair is white and thin. It is fashionable to say of General Scott that he was unequal to the wishes of the late great war. But all belittlers of his history, in this regard, look at this very old man, and accuse not him, but Nature. It was for a vigorous life time a face graced with mastered energies, so clothed with dignity that when it relaxed to smile one loved it for the condescension. Now it is an old, cast face, drawn up and childish in outline, as it was in fact, though not in appearance, for two years prior to the final burning out of the soul within it. It was waste, disintegration, age, that changed the man. He failed to meet young exigencies because he was no longer young. But he lived to the full comfort and appreciation of the majestic tidings of victories won by his pupils in the army he disciplined, and died in the glorious knowledge that this land was stronger, worthier than he believed, but no stronger nor worthier than the man who had come to inhabit and guide it.

In the spring of 1861 a young lady of Washington made for General Scott a large American flag, every thread of which her own dainty fingers sewed; and having some time preserved it with pride and affection, the General, no longer than a month ago, said that he wished to be buried in this flag. It was unfolded last evening in the ante-chamber of the dead soldier's room, and will contain his remains.

CITY AND NEIGHBORHOOD.

(*ADDITIONAL ON FIRST PAGE.*)

The Fenians—What they are Doing—A Gunboat Purchased—Another Detachment left Pittsburgh.

The Fenian circles of Pittsburgh and vicinity are very active and the work of recruiting men for the Irish army goes bravely on. Yesterday morning at daybreak, another detachment of one hundred and twenty-six men was forwarded to Ogdensburg, N. Y, there to receive arms and equipments—and to await the orders of the Fenian Chief. At the depot upon the occasion of departure the wildest excitement and enthusiasm prevailed, and anxious Milesians crowded about the officers in charge of the men, pleading to be accepted and forwarded to the scene of action. Scores were turned away, as the circles have already exhausted their treasury and are crippled in their efforts to reinforce their fighting brethren. It is confidentially believed, however, that heavy returns from the sale of bonds will shortly come in from the country districts. The sale of the Irish Republic bonds here in the city is rather slow work, but the brotherhood are not disheartened, and the influential members claim to be able to dispose of thirty thousand dollars worth of their securities in Allegheny county. They also claim to be able to place in the field two thousand more men, if they are sufficiently aided in what they honestly believe a patriotic and righteous undertaking. It will be remembered that the Fenians of this city promised to furnish the Irish army with two gunboats. We have learned from persons who should be good authority, that negotiations are being made for the purchase of a steam tug which was converted into a gunboat at this port during the late rebellion. How they will manage to run her out into waters where she can be used against their foe we do not understand, but the Fenians profess to know what they are about, and possibly the iron-clad may turn up to advantage somewhere. It may not be contraband to state that over one hundred thousand rounds of small arm ammunition were purchased by the Head Centre here and forwarded to some point on the frontier. A lot of muskets and Springfield rifles were also purchased at this port and forwarded to the same place. Two companies which left here took with them uniforms, which they will appear in when placed in the Fenian ranks. The uniform consisted of a black glaze cap, green shirt fancifully trimmed with gold shamrocks; and a pair of black pants with green cord down the side; square-toed boots complete the outfit. On dress parade the Pittsburgh Fenians will make a very creditable display.

In Lawrenceville, Sharpsburg, Birmingham, and other neighboring boroughs, the excitement among the Fenians is about as great as here in the city. Even the country districts are in a semi-war fever, and news from Canada is anxiously looked for, not only by the Irish, but by all classes of society.

A Pittsburgh Fenian Complimented.

The *Chronicle* special telegram from New York, yesterday, contains the following flattering compliment to Head Center Donnelly, of this city. Dr. Donnelly served as a surgeon in the army for a number of years. His office was directly opposite the *Gazette* building, on Fifth street. The special says:

For a number of long hours on Saturday the wounded of Fort Erie were without surgical aid of any kind, and suffered most intensely without anything to relieve their agony. Dr. Kempson, the Mayor of the town, who was absent when the skirmish took place, was the first on the ground, and was soon followed by Dr. Donnelly, a Fenian surgeon, a former resident of Pittsburgh, Pennsylvania, and Dr. Blanchard, of Buffalo, who worked harmoniously together, rendering aid to the wounded without regard to their nation. The British soldiers being the most numerous, received the first attention. The Fenian surgeon received great praise from the Canadians and authorities of the town for his kind attention to their men. He amputated two legs and was prevented from amputating a third by the arrival of the British troops, who, it is said, behaved brutally to the Fenian prisoners. He obtained permission to remove his wounded to Buffalo, but before he could accomplish his object he was driven from the dock, where he had had his men removed, at the point of the bayonet, and the wounded men were left to suffer in that exposed place without any attention.

Hygiea Base Ball Club.

The first game of the new club was played by its own members on Saturday afternoon, on their beautiful grounds at Oakland Park. Five innings were played with the following result:

	R.	H. L.		R.	H. L.
Gazzam, c	3	3	Umbstatter, c	3	3

Total	32		Total	24	

Run out between bases—Umbstatter, McMeal, Bayne, Ammen and Ewing, by Butterfield, Gazzam, Baker and Daley, by Col. Bayne.

The game was played with great enjoyment. But from an accident which happened to Mr. Van Ewer by which he suffered a fracture of the left arm, every one would have gone home in high spirits. On Sunday we remarked several of the nines limping about on canes, the unusual exercise having got them down and rolled on them.

We would advise the Club to have the grass mown and the ground rolled at once, in order to prevent a repetition of such an accident as happened on Saturday.

Meeting of the 82d Pennsylvania.

Pursuant to notice, a meeting of the surviving members of the 82d Pennsylvania Volunteers, residing in the vicinity of Pittsburgh, was held yesterday at the house of Peter Kaltenborn, in the Sixth ward, Pittsburgh, to take into consideration the making of suitable arrangements for attending the presentation and return of the colors of the various regiments to the Governor of the Commonwealth on July 4th.

General D. H. Williams was called to the chair, and Lieutenant Jacob Mattern, Co. B, was chosen Secretary.

The following Committee of General Arrangements and Conference with the committees of Western Pennsylvania, was appointed: Gen. D. H. Williams, Lt. H. Schweitzer, Lt. Chas. Kaltenborn, Corporals Poerstel, Weirer, Wagner and Hoer.

Also the following Committee of Correspondence with the portion of the regiment residing east.

Capt. J. W. Myers, Co. K; Lieut. Jacob Mattern, Co. B; Lieut. H. P. Callow, A. Q. M.

Adjourned to meet at the same place on Tuesday evening, June 5th.

A Pennsylvanian Wanted.—The Cleveland *Herald* gives the following, which we trust will reach the eye of some friend of the departed soldier referred to:

George Wilson, supposed to be a resident of Pennsylvania, was enlisted by Capt. William Kenny of Company B, 8th Ohio Infantry, in June, 1861. Just before the battle of Gettysburg he gave the captain a check for $60. During that memorable engagement Wilson was killed. The captain, now living in this city, has the check, and says there is some back pay and bounty due the soldier. Wilson once informed a comrade, while on picket guard, that he was born in Pennsylvania; that he had been absent from home over six years, and that his parents did not know anything relative to his whereabouts. Captain Kenny is desirous of sending the check to his friends if they can be found.

June Term of the Criminal Court.—The June term of the Court of Quarter Sessions, etc., commenced this morning. The following officers were appointed on Saturday: Crier—John Patterson; Tipstaves, for Quarter Sessions and Common Pleas—J. R. Larimer, John C. Smith, Warren McIlwaine, Wm. Boston, J. McIlwaine, Robert Neely, M. B. Hartzell, W. A. Charleston. To attend upon Grand Jury—John Messner, John Buhoup, J. S. Richardson. These are excellent appointments and give satisfaction to every body having business to transact at the Court.

Desertion.—A young woman named Annie Dalzer yesterday lodged an information at Justice Barker's office, against her husband, John Dalzer, for desertion. It appeared that during the last three months John has been derelict of his marriage vows, inasmuch as in that time he has contributed but three dollars toward the support of his wife and child. A warrant was issued for his arrest.

Almost Drowned.—A little boy named William Dunseath, fell into the Monongahela river yesterday morning, while playing on the logs above Dam No. 1. A man by, seeing the accident ran to the relief of the boy, who was barely saved from drowning.

We were called upon yesterday by Mr. R. R. Davis, agent for Prince, Walton & Co., proprietors of Roback's Bitters, &c., Cincinnati. Mr. Davis visits our city for the purpose of making sales of their excellent preparations. We wish him every success.

Michael Barrickman, of Monongalia Co., West Virginia, while standing in the door of his residence, was struck by lightning a few days ago, and almost instantly killed.

Suicide.—Anna M. Borland, of Birmingham, an actress, committed suicide in New Orleans recently.

OUR EARLY TELEGRAMS.

FENIAN ADVICES.

Gen Sweeney's Proclamation—Fenian Forces Forming a Junction—United States Revenue Cutter Ready for Action—The Fenian Prisoners—The Ridgeway Fight—The Dead and Wounded—Narrow Escape—Brutality to Fenian Prisoners—American Consul Grossly Insulted—Kingston Reported Captured—Another Raid Expected—General Meade's Operations, &c.

NEW YORK, June 4.—A proclamation to the people of British America, signed by T. A. Sweeny, Major General commanding the armies of Ireland, is published here this morning. After reciting the grievances suffered by Ireland at the hands of Great Britain, it states that war is now being made to deliver Ireland from the tyrants, the despoilers and the robbers. It says that Canada is the true point of attack at present, but assures the people that war is not made upon them, but upon the government that rules over them. It appeals to the Irishmen, Frenchmen and Americans in the provinces to rise and aid in the movement.

BUFFALO, N. Y., June 4.—There is an unreliable report published in the *Post* extra, that a large army under General Sweeny is marching from Sarnia and Windsor to our frontier, and to form a junction with General Lynch.

There were rumors in the city yesterday that the Fenians who arrived here on Saturday night were to make another attempt to invade Canada last night. They were under command of General Lynch, from Chicago, who arrived here on the ten o'clock train on Saturday night.

About ten Fenians who escaped capture by the steamer Michigan, will also join these, and they seem to be determined of success. On Saturday night fifteen cases of arms arrived here per American Express, marked statuary. They were immediately taken and stowed away, nobody knows where.

The United States revenue cutter Fessenden, arrived here at 7 o'clock P. M., Saturday, with port holes open and guns shotted. She is now lying at the mouth of Buffalo harbor ready for immediate action.

Contrary to the general notion prevailing yesterday, upon which a great deal of law and logic was wasted, there has been no demand made by the Canadian authorities for the surrender of these prisoners, and the question whether they shall be given up to Canada or held for trial here, as violators of the neutrality laws of the United States, has not been raised at all. It is undoubtedly to vindicate its own outraged laws that the Government has secured them.

About three o'clock yesterday afternoon, an invitation having been given to Col. Lowry, commanding the British forces, to meet General Barry and Commander Bryson on board the Michigan, that officer came on board, and the three persons named together with the British consul in this city, Mr. Hemans, held an interview which is understood to have related to an arrangement for the police of the river, the subject of the prisoners not being mentioned.

In an interview which one of our reporters had with Col. Lowry, yesterday, the latter expressed himself willing to permit the removal of the Fenian wounded to this city, having no desire to hold them in custody. If any priest from Buffalo desired to bury the Fenian dead or minister to the wounded, he should have every facility.

The Fenians of this city express great satisfaction with the conduct of the Canadian military authorities toward their prisoners.

Colonel Bailey, of this city, who received a slight wound in the breast at Limestone Ridge, was brought safely across to his house yesterday morning, and at last accounts was doing well.

The Fenians captured are held by the authority of the United States Marshal, the rations to them being furnished by his orders.

The United States military and naval forces act simply as a guard. The prisoners will be detained on board the transport until further orders from Washington. The rumor that they will be removed to Fort Porter is unfounded. No communication is permitted with the prisoners, and we are unable to obtain a list of their names. We understand, however, that the following officers have been recognized as being on board: Colonels John O'Neil, Owen Starr, John Hoy. Lieutenant Colonels Grace and John Spaulding. Captains Shields, Connelly, P. H. Mundy, Tim. Leary, John A. Geary, F. Smith, and John Haggerty. Lieutenants Roche, Wm. Maguire, Pat Flyn, and J. J. Tyrell.

Colonel Starr, from Louisville, Kentucky, had a narrow escape in the skirmish at Fort Erie, on Saturday last. He was shot twice through the coat, one ball cutting through his sleeve and grazing the skin. The rent was as clean as if it had been made with some sharp instrument.

We learn that the American Consul was grossly insulted early yesterday morning and fired at by a British officer while standing at his own door. He demanded an apology from the authorities of Fort Erie, and unless it was properly given said that he would complain to his Government.

LATER.—There is a rumor in the city that General Sweeney has captured Kingston with 2,000 men, but it is purely sensational. Another raid by the Fenians from this city, is now confidently reported by the knowing ones. The United States authorities are in earnest, and will do all they can to prevent another demonstration.

BUFFALO, June 5.—All quiet on the Niagara. The arms of the captured Fenians are on board the Michigan, also their colors and those captured by them at the battle of Ridgeway, which the Canadians call Limestone Ridge. Buffalo is filled with special reporters from all parts of the country, but there is absolutely nothing transpiring at this point. The *Express* this morning says: While we had assuredly in this city some two or three regiments of Fenians, well armed, equipped and drilled, and while liberal detachments have been reaching here from abroad during the past week, amounting to another thousand, the whole augmented army in the field only amounted to about one thousand men. Where the balance are it is difficult to understand. It is a significant fact that among the three or four thousand troops at Fort Erie yesterday, not a Catholic Irishman was to be found, and not an officer of the force was Irish.

LATER—A gentleman just from the other side states to us positively that at the battle of Ridgway only four of the Canadian volunteers were killed and about twenty-five wounded, three seriously. The report in the papers that Lieut. Col. Beaumoth was killed is pure fiction, no such officer being with the force; in fact, the only officers killed or wounded on the British side, so far as known here, are Ensign McEachern killed, and Routh, of the 13th Battalion, wounded; Lt. Campbell had an arm broken by a bullet; Capt. J. B. Boustead, of Toronto, Queen's Own, not dangerously, Ensign Fahey, leg broken and doing well. General Meade and United States District Attorney Dart, will arrive at Pottsdam by this noon and will look after General Sweeny and his base of supplies. The report that Head Centre O'Day had been arrested on Canadian soil is untrue, but he is not visible to the naked eye on this side. A ridiculous rumor is published by the *Post*, of this city, that Kingston had been captured.

Disfranchisement of Deserters—Bill Signed.

HARRISBURG, June 4.—The Supreme Court having adjourned without announcing the decision, as requested by the Governor through the Attorney General, on the constitutionality of the act of Congress disfranchising deserters, the bill passed at the late session of the Legislature for carrying into effect the law of Congress, has this day been approved by the Governor, that immediate preparations of the records and certificates required by the act may be commenced, and time afforded for the correction of errors in the record.

FINANCE AND TRADE.

MONDAY, June 4, 1866.

Gold continues firm and advancing, the New York quotations to-day ranging from 143¼ to 143¾. Government bonds are reported weak and lower, as compared with Saturday. Mr. P. R. Mertz's New York quotations to-day were as follows: 1881's, 109[illegible]; 5-20's, (old) 102, ditto, (new) 102[illegible]; 10-40's, 95[illegible]; 7-30's, 102⅝@102¾; Cleveland & Pittsburgh Railroad stock, 84¾; Pittsburgh & Fort Wayne, 97¼.

Our local money market continues very close. No. 1 paper is discounted at about one per cent a month, and gilt-edge at 9@10. Bank shares firm but quiet, while Insurance stocks are dull and depressed, with but very few buyers. Oil stocks continue weak and neglected, generally speaking, though some few companies are, it is said, receiving more favorable reports from their wells. Columbia is saleable at about 18, with sellers at 18¼ to 18½. We continue to hear of large amounts of Seven Thirty bonds being offered at our banking-houses by parties who are anxious to realize, and desirous of investing in something else.

The advices from the Virginia oil regions continue very favorable. A few days ago we noticed the report of a three thousand barrel well having been struck near "Burning Springs," and to-day it is reported that another "strike" has been made in the same locality, the yield in this case being put down at fifteen hundred barrels. There is no disguising the fact that the Virginia oil country is looking up.

The following statement exhibits the business of the Pittsburgh Clearing House for the week closing on Saturday, June 2:

	Exchanges.	Balances.
May 28	$521,885 20	$62,041 73

—Government sold in May, through one Wall street broker, over thirty millions of gold. The fortunate agent in these transactions appears to have been a Mr. Meyers, and his commission, which is acknowledged to have been ⅛, amounts to a snug fortune. Gold in United States Treasury, May 1, $76,675,000; receipts from May 1 to May 26, from customs and deposits for gold notes, $25,908,000; gold interest paid in same period, $15,614,000; sales of gold in same time, $32,500,000. These figures leave a balance in Treasury, May 26, of $54,479,000. It is, however, rumored that the sales of gold since May 1 amount to forty millions. Customs will be likely to increase the Treasury balance about two millions weekly. But nearly three million of the Five Twenty interest still remains unpaid, and in July nineteen millions gold interest on the Sixes of '81 must be paid. $300,000 in gold was received by the steamer from Aspinwall on Thursday.

New York Stock and Money Market.

NEW YORK, June 4.—The money market is quiet at 6@7 per cent. for call loans. Sterling quiet and firm at 109¾@110. Gold excited and higher, opening at 140¾, advancing to 141, declining to 140½, and closing at 140⅝.

Stock firmer. Pittsburgh, Ft. Wayne and Chicago, 97; Chicago, Burlington and Quincy, 116; Chicago and Rock Island, 92¼; Cleveland and Toledo, 105; Chicago and Northwestern, preferred, 58½; Cleveland and Pittsburgh, 85; Reading, 109; Hudson, 111; Erie, 63½; New York Central, 98½; Western Union Telegraph, 61; 6s of 1881 coupons, 110; do. '65, 124; 5-20 coupons '65, 102¼; 10-40 coupons, 96½; 7-30's, 2nd series, 102½; Missouri 6s, 79.

At the 4 o'clock open board, Spruce Hill company was quoted at 4; Quicksilver, 5½; New York Central, 98½; Western Union Telegraph, 60⅝; Erie, 64½; Reading, 109; New York, 80½; Cleveland and Pittsburgh, 95½; Chicago and Northwestern, 28½; do. preferred, 58. Governments less active. Freights to Liverpool ½d to 1d higher.

The market for petroleum and mining affairs was steady. Petroleum stocks—Bennehoff, 420; Benneboff Run, 12,25; Central, 24; Germania, 11; New York and Allegheny, 380; Oil Creek, 60; United States, 510.

Mining stocks—Alton and Pacific, 400; Consolidated Gregory, 405; Downieville, 11; Smith and Parmlee, 915; Excelsior Copper, 200.

The *Post's* money article says the European news is not as favorable as was anticipated, and gold has gone up to 141, opening at 140¾. Coin is plentiful for delivery, and rates for carrying it from 3 to 5 ⅌ cent. The Loan market is easy at 6@7 ⅌ cent; Commercial paper quiet at 6@7. Stocks depressed and dull. Governments less active, and Railroads drooping.

The Bank Statement is not favorable. The [illegible], with the market for Railroads was stronger; New York Central closed at 98½; Erie, 62; Michigan Southern, 80½; Cleveland and Pittsburgh, 85; North Western preferred, 58½.

The gold market has been unfavorably affected by the foreign news. The gold room instantly jumped to the conclusion that the intelligence bodes further heavy shipments of gold, a conclusion which appeared warranted by the tone of affairs among the foreign bankers, and the price rose at once to 1,41. At that figure there were plenty of sellers and the price almost instantly reacted. There appears to be no very important speculative interest outstanding at present. Loans are made flat. Foreign exchange opens very firm, with indications of a large business in sight bills. The Nova Scotia's intelligence has helped to strengthen quotations, but buyers show a disposition to hold off in hope of better news by the Africa, which is about due at Halifax.

Boston Wool Market.

BOSTON, June 2.—The demand for wool continues quite active at this point, and very firm, and in some cases higher prices, and the amount of transactions is limited only by the small supply offering. The stock of desirable staple, both fleece and pulled, is reduced to a very small compass, and hence holders of good lots have the advantage. Indifferent parcels, likely to be left over, are offering at low figures to close out; but there is no discount on fine, good-conditioned wools, which are disappearing from the market more rapidly than is agreeable to consumers.

There has been quite an extensive movement in the better grades of pulled wool during the past week, which has nearly cleared the market. An advance of 2@3c has been realized on this description, with a strong upward tendency toward the close. Manufacturers are now running their machinery on the production of flannels, tweeds, satinets and other fall woollens, and the supply of pulled wools, which has been unusually small this season, is likely to be exhausted rather prematurely. But for the low water in the mill streams this would have happened still earlier.

We already hear of some little dickering in the new wool crop, but the results are without much significance. In some parts of the west a few early fleeces have gone to market at rather a low figure; but the shearing of thorough bred stock will not become general for a week or ten days to come.

Sales of domestic for the week foot up some 825,000 pounds, at a range of 45@75 cents for fleece, and 40@70c for the various grades of pulled.—*Bulletin.*

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 4, 1866.

The produce markets were moderately active to-day, as there is a continued fair local demand for nearly all of the leading commodities, but in values there has been no change worthy of special notice.

GRAIN—Wheat is firm and in good demand at $2,20@2,25 for Northwestern and Club. Oats a little dull, and in good supply; sale of 1 car, in elevator, at 54; and small sales from store at 60. Corn is selling at 80 to 82, on track, for Shelled. Prime Spring Barley commands $1, as does also Rye. Buckwheat may be quoted at $2,25@2,50 per bush.

FLOUR—Is firm, with a continued fair local demand but prices remain unchanged, at $10,50 to $11 for Spring Wheat; $11,25@11,50 for half Spring and half Winter, and $12,50@13 for all Winter Wheat. Sale of 100 bbls "Albion" at $11. Rye Flour is selling at $6,50@6,75.

PROVISIONS—Bacon is firm but unchanged at 14½@14¾ for Shoulders; 17@17½ for Ribbed Sides; 21½@22 for Plain Sugar Cured Hams, and 23@23½ for Canvassed do. Lard is quiet but steady at 22½@23 for prime city, and Mess Pork is held at $32,50@33.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 4, 1866.

CRUDE—The transactions in Crude were unusually large in the aggregate to-day, reaching several thousand barrels, but there is no improvement to note in the general tone of the market, and prices are barely maintained. Sale of 900 barrels, to arrive, at 14; 450 at 14; 2000 at 14¼; 500 bbls returned, at 14¼; 100 at 14; 110 at 14¼, and 50 bbls (35 to 37 gravity) at 23, packages included. From the above, it will be seen that prices ranged from 14 to 14¼, bbls returned and in bulk, and it said that there is a very good demand at 14, while at anything above 14 it moves very slowly, and some of our refiners refuse to pay more than 13¾. The arrivals since our last report were large—one firm alone report having received 6 a thousand barrels.

REFINED—There is still considerable inquiry for bonded oil, both for present and future delivery, but our refiners, generally speaking, do not seem altogether satisfied with the figures offered, and consequently we have but comparatively few transactions to record. Sale of 500 bbls for June delivery, in Philadelphia, at 41½; 1500 bbls for immediate delivery in Philadelphia, at 41½; and 500—on Saturday—at 47, for September, which is considered fully one cent per gallon above the market at present. There seems to be little or no demand for Pittsburgh deliveries, and in the absence of sales, we omit quotations.

ARRIVALS—The wharfmaster reports the receipts of oil within his jurisdiction during the week ending on Saturday last at 4,232 bbls. The arrivals reported to-day, were as follows:

Fisher & Bro	10,000	W. Haldeman	200

PLASTER—150 bbls. Calcined Plaster. (my30) HENRY H. COLLINS.

RIVER NEWS.

The river still continues to recede, with about four feet three inches water in the channel, by the pier marks last evening. At Oil City, the Allegheny river was reported falling yesterday forenoon, with thirty inches in the channel, but as heavy rains are reported as having fallen there on Saturday and Sunday, another rise is confidently predicted. Heavy rains also fell in the Monongahela river on Sunday, and a rise out of that stream would not be at all unexpected. Upon the whole, the indications for a June freshet are favorable, and we should not be at all surprised if a considerable quantity of coal found its way out during that month. The weather continues cloudy and warm, with frequent showers of rain. Business at the landing may be classed as fair, but not as good as it ought to be. Freights are rather scarce.

The arrivals include the New State, from Gallipolis, and the Petrolia No. 2, from Oil City. The Nora, from Cincinnati, may be expected in to-night or to-morrow.

The Cilda has been withdrawn from the Parkersburg trade, and has resumed her old place in the Allegheny trade. The Ida Rees No. 2, was making preparations to leave for Oil City last evening. She had about all the freight she could take on the water.

The Bayard, after a short rest, on account of low water, left yesterday at noon for Parkersburg, to which point she will continue to run regularly as long as the weather will allow.

The competing boats Chieftain and Fayette were due at the Monongahela wharf last evening from Brownsville, and will leave again this evening at five o'clock. These boats are No. 1 steamers, and belong to two competing lines. Their accommodations for passengers are excellent, and their appointments for the accommodation and comfort of their guests, are all that could be desired.

The New Dictator now being built by Capt. W. B. Donaldson, is progressing rapidly, and will be ready for launching about the first of August. She will be 335 feet long, or the length of the big Eclipse, and will be 12 feet wider, having 44 feet floor, and 50 foot beam. Her engines will be of the Dictator pattern, and are now being built by Hartupee & Co. Her boilers will be four flued. Her cut water will be as sharp as a razor, and she will have a clean run under her fore foot. She is being built for speed, and will probably be the swiftest craft afloat.

The Fort Pitt, after spending the winter at Conneaut Lake, is now on her way to this city, in charge of Capt. James Scott. Upon her arrival she will resume her old place at the landing.

The Camelia, Capt. Lytle, and the Kate Putnam, Capt. W. S. Evans, are announced for Cincinnati and Louisville, and the Importer, Capt. Noss, and the Columbia, Capt. R. J. Porter, are loading for St. Louis. These are all excellent boats, and we hope they will receive as they deserve, good trips.

The Camelia, after being overhauled and repainted, and in excellent condition for the low water campaign is now loading for Cincinnati and Louisville, and we are requested by Capt. Lytle to state that he will go without fail, on Wednesday evening. The Camelia will receipt freight through to Memphis and New Orleans.

The Telegraph was advertised to leave Cincinnati for Pittsburgh on Monday, and the Messenger left New Orleans for this city, on the 29th of May.

We find the following particulars in reference to the explosion of the City of Memphis, in the Louisville *Democrat*:

The cargo consisted of about 80 tuns of freight, most of which was consigned to Memphis. The Captain and both clerks escaped, but the first mate and both pilots are missing.

The cause of the explosion is unknown. It is alleged that the boilers contained a full compliment of water, and that the boat was going out at a moderate speed. Two hours after the burning steamer lodged at Commerce, the St. Patrick, from Vicksburg, came along and took the survivors on board, bringing them to Memphis. Twenty-seven of them are more or less scalded, some probably having inhaled steam.

There were about two hundred and twenty passengers on board the ill-fated steamer at the time of the explosion. The first and second mates are among the saved, the latter with a broken leg. Two of the engineers are injured. It is believed that one of the pilots escaped.

A passenger states that he overheard an engineer remark at the table that the boilers would not hold out to Memphis; and it is also alleged that a passenger got off at Helena with a presentiment of disaster. All the survivors were brought up on the St. Patrick.

POSTPONEMENT.

THE UNITED STATES

PRIZE CONCERT,

TO HAVE BEEN GIVEN AT

Crosby's Opera House, Chicago,

MAY 28th, 1866,

Will be postponed until

Monday, July 9th, '66,

On which occasion

HALF A MILLION DOLLARS IN PRIZES

Will be presented to Ticket Holders, including

$100,000 IN GREENBACKS.

The postponement is an unavoidable necessity, (not so much in consequence of the number of tickets yet unsold) as the positive necessity there is for the proper registration of those already disposed of, which has been delayed in consequence of the negligence and carelessness of a portion of our Agents in making their proper returns.

We advise all parties wanting tickets to send for them without delay, as we have but a limited number yet on hand. We wish most particularly to impress upon the minds of our Agents the importance of their making their returns at once, and of rectifying whatever errors may have crept into their reports heretofore. We will say to those sending for tickets, that if they should all be sold at the time their order is received, the money will be returned. No applications for new agencies for the sale of tickets will be considered, as we have no more than sufficient tickets to supply those Agents we have already appointed. Tickets are for sale at the principal hotels, book and music stores in the city, and at our office, 133 Dearborn street; price $1.00 each; sent by mail on receipt of price and stamp for return postage.

We invite the particular attention of persons wishing to order tickets by mail to the following

DISARMED!!!

The Chief Cause of Pestilence Destroyed!

DR. E. COURTARET'S DISINFECTING FLUIDS, secured by Letters Patent in the United States and France. Prepared solely by the New York Disinfecting Company, at their Laboratory, Nos. 288, 290 and 292 Henry Street, N. Y. Office, 32 Cedar Street.

This Company organized on a permanent basis, with Dr. Courtaret, the celebrated French Chemist, in charge of its Laboratory, is prepared to furnish its DISINFECTING FLUIDS for sick rooms, nurseries, asylums, water closets, privies, cesspools, sewers, gutters, ships, railroads, hospitals, prisons, and public institutions of all kinds, slaughter-houses, offal and fat-boiling establishments, all kinds of manures (necessarily increasing the value of the latter 10 every farmer), and wherever poisonous and offensive gasses exist. These agents are deodorizers, antiseptics, antiputrescent, and disinfectants in the scientific meaning of the words. They remove noxious gasses and odors by chemical principles—leaving in their places *healthful air*; they are *destroyers*, and *not merely absorbents* of poisonous gases—not injurious to utensils in which they are used. The attention of medical and scientific men is directed to these disinfectants. Attached are testimonials in favor of this great discovery, which with hundreds of others can be seen at the Company's office.

DELAVAN HOUSE, ALBANY, March 30, 1866.

To the President of the New York Disinfecting Co.:

DEAR SIR: It is all it is represented to be. We have made many trials of disinfectants, but now consider that we have found an article which surpasses all others as a remedy against all odors.

T. ROESSEL & CO.

NEW YORK, April 9, 1866.

To the President of the New York Disinfecting Co.:

Dear Sir: We pronounce it, without exception, to be the best we have ever known. Its effect upon foul matter is complete and instantaneous.

C. A. STETSON, Astor House.

N. B.—These Disinfectants are used by the scavengers, under the direction of the Sanitary Police of the Metropolitan Health Department, N. Y.
